

BURR GRINDER TIPS

Keep Clean

Clean the burrs often for optimal performance.

Remove Excess

Before grinding, turn on the Burr Grinder to ensure any old beans and grounds are cleared.

Grind Settings

15 possible settings provide the precision necessary to grind coffee properly for just about any brewer. Experiment a bit to see how the grind size can change flavor and texture of your coffee.

Daily Grind

Coffee starts to lose its flavor after grinding, so to realize the best flavor, grind just before you brew.
